**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

My competitive internet provider, Sonic, is a local company with a huge and very loyal following. They put the customer first -- in price, service, speed, and quality of access. I value what that means, because I have been with ATT and Comcast who put only their profits first. Sonic also provides competitive telephone service, much better than ATT, my local company. Competition is the name of the game in America. Unfortunately so are the attempts to strangle competition by mega-corporations. Your job is to protect the consumer! To do that, you need to promote competition and allow the little guys with better ideas and better service to improve things. Come on!
